

Gordon-Conwell Theological Seminary—Charlotte 2020-21 Schedule-at-a-Glance

Please note the following:

- Courses offered every year in the same term are listed in the next three sections (one section for each semester or term) without highlighting. Courses offered in 2020-21 on less-than-annual rotations are also in those three sections, with yellow highlighting to alert you to the fact that they are on longer-term rotations. Students who wish to know what courses will be offered in subsequent years in those slots may consult the final three sections of this document (one section for each division). We cannot promise that we will be able to follow the rotations exactly, but we present this information to you as representing our best intentions.
- Please note that numerous courses are available by directed study. These are listed in the Course Schedule for each semester or term, not necessarily here.
- Also note that the institutional online (Semlink) courses are not listed on this schedule, which includes only courses specific to Charlotte.
- As always, the information about each course will be more specific in the Course Schedule (put out by the Registration Office shortly before registration opens in a given semester or term) than in the Schedule-at-a-Glance. Thus, please use the Schedule-at-a-Glance for long-term planning and for planning the upcoming academic year, and the Course Schedule for planning the next semester or term.
- Please note that the dates for modules and residencies are for the 2020-21 academic year. Obviously, for subsequent years, the dates will change, but we intend to offer the courses in the same formats and time slots in those future years.

Fall Semester 2020 (Sep 8 – Dec 21)
 (Subsequent fall semesters should follow the same pattern.)

<u>Course</u>	<u>Format</u>
